

The Second International Conference on Advanced Computer Science Applications and Technologies - ACSAT

17 – 19 November 2013
Sarawak, Malaysia

ACSAT 2013: The Second International Conference on Advanced Computer Science Applications and Technologies – ACSAT will be hosted at the heart of the beautiful island of Sarawak, Malaysia. ACSAT aims to provide a platform to promote scientific research in various fields associated with computer applications and technologies. ACSAT is the right venue to mixture the science along with the industrial needs. The conference is jointly coorganized by Universiti Malaysia Kelantan UMK and Design for Scientific Renaissance DSR.

➤ *All papers will be published in IEEE computer Society (approval pending).*

Selected papers will be published in the following Journals:

- Journal of Advanced Computer Science and Technology Research (JACSTR), DSR.

ACSAT2013 welcomes contributions in areas including but not limited to:

- Computer Theories and Algorithms
- Cloud Computing
- Computer Architecture and Embedded Systems
- Computer Graphics, Vision and Multimedia
- Computer Network and Communication
- Computer Simulation and Modeling
- Database Technology and Data Warehousing
- Distributed and Parallel Computing
- Computer Ethics Issues
- Grid Computing and Mobile Technology
- Information Retrieval and Knowledge Management
- Cryptography and Information Security
- Digital Watermarking and Steganography
- Internet and Web Applications
- E-Technology: E-Learning and E-Commerce
- Artificial Intelligence and Machine Learning
- Natural Language Processing
- Pattern Recognition and Image Processing
- Software Engineering
- Human Computer Interaction
